Subj: NATRACOM/NRS ENVIRONMENTAL PROTECTION PROGRAM

Ref: (a) OPNAVINST 5090.1B

1. Purpose. To provide specific guidelines for Naval Region South (NRS) and Naval Air Training Commands (NATRACOM) in the implementation of reference (a).

2. Discussion. Reference (a) sets forth policy and assigns responsibilities and standards pertaining to the program for protection and enhancement of the environment and natural resources.

3. Action

a. Addressees will ensure that the provisions of reference (a) are adhered to on a continuing basis. A point of contact for environmental matters must be established within each activity. The name and phone number of each individual appointed will be provided to CNATRA (N74) and updated as changes occur.

b. NRS activities shall keep Chief of Naval Air Training (CNATRA) informed of substantial environmental implementation actions by providing the following information to CNATRA (N74).

(1) Copies of all Notice of Violation (NOVs), Notices of Non-compliance (NONs), or any other citations or violations including consent agreements.

(2) Copies of all environmental reports to EPA or state regulators, Environmental Compliance Evaluations (ECE) and Environmental quality Assessments (EQA), permits, plans and higher command data calls.

(3) Include N74 in all negotiations with Federal and state regulators concerning permits, NOVs, NONs, and consent agreements.

(4) Provide copies of draft Environmental Assessments (EA), and Environmental Impact Statements (EIS) for review, and copies of final documents.
